We need an intelligent and harmonious relationship with the natural world.
Our long term survival as a species depends on it.
NOAA Pacific Regional Center

We integrate architecture, infrastructure, and open space for human well-being into the built and natural environment.
UH-HCC West Hawaii Palamanui Campus Phase 1
OUR PURPOSE ...

is to draw people outdoors into memorable, meaningful experiences,
Capturing the unique spirit of the ‘aina and its people,
Building bridges to our collective Past, Present, and Future,
Linking Nature and Culture.
Boys and Girls Club of Hawaii - Nanakuli
Kanu o ka `Āina Learning `Ohana

Our designs enhance nature’s regenerative capacity to support thriving living systems for present and future generations.
All Pau, Mahalo!
